Daniela A. Schur

"MESSENGERS OF HOPE AND CONFIDENCE"

Daniela A. Schur,
Master of Business Administration, has made her hobby painting into a profession.

Lighthouses – empowering and leading the way – they are among the main motives of Daniela A. Schur. The intention is to convey light, energy, joy and the possibility of course correction, no matter in which stage of your life you are currently.

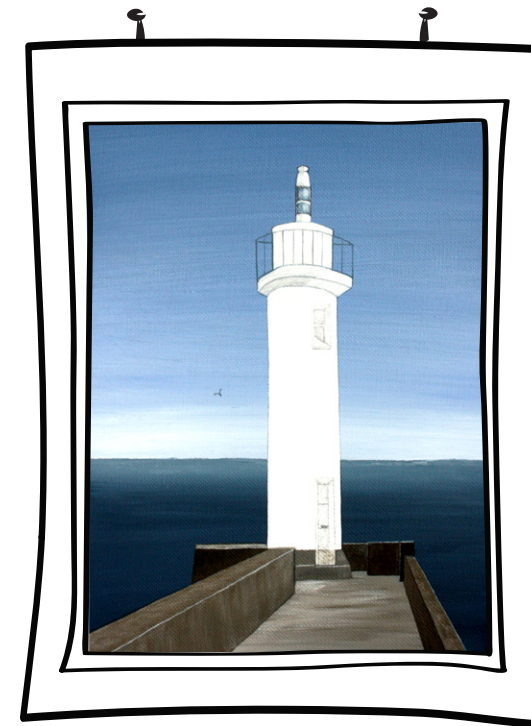

With the help of Mixed Media (Acrylic painting, gypsum, putty, sand, ...) the painter Daniela A. Schur takes the observer along the most beautiful places at the seaside.

The exhibition in Brussels is a special concern to her to mention the migration related issues of Europe, where many refugees select the way across the sea in order to obtain a better life.
